## South Salt Lake's Vision for Greener Tomorrows: Planning for Parks Together

South Salt Lake's commitment to enhancing the quality of life through accessible, engaging public spaces is more than a policy, it's our passion! Over the last year, the City has embarked on a journey to assess, revitalize, and expand our parks and outdoor recreation spaces. This effort is not just aimed at beautifying our neighborhoods, but is also focused on strengthening the bonds within our community.

After a year of outreach to the public and stakeholder committee input, two things have become clear: our parks are for all and everyone should be connected to them.

The updated Parks Plan will serve as a strategic blueprint for the future—directing what we build and how we build it. Our community has changed quite a bit in the last decade and the plan reflects this. People want parks for all interests, ages and abilities, and they value the health, wellness, social and identity aspects of parks just as much as recreation and nature. They want to see a park in every neighborhood, and fill in the gaps where our city is rapidly growing, including Downtown SSL. Is it possible? I believe so! We achieved so much this past decade, most of our to do list was checked off. I am ready to see what the future holds—check it out on our Parks Plan page on [sslc.gov](https://sslc.gov) and share your thoughts, too.

We recognize the diverse needs and desires of our residents, and have worked to connect with the community to get as much

input as possible. The feedback collected from the Winter 2023 Parks Plan Survey and various community engagement events like Mural Fest and Craftoberfest has been invaluable. These insights directly influence the scope and direction of the plan, ensuring it truly reflects the community's interests. This year, we also created an advisory committee, conducted community workshops, and integrated Promise SSL Youth Workshops to engage our younger residents. Themes developed by the advisory committee include accessibility, arts, health, and social connection.

South Salt Lake's continuous improvement of our parks and outdoor spaces is crucial for nurturing the well-being of our community. As you enjoy and spend time in our parks, open spaces, and trails, I hope you'll be a part of the conversation. Together, this new Parks Plan will reflect the best of who we are as a community and bring about an even more livable, lovable South Salt Lake for now and generations to come.

*Our parks play an important role in how and where we connect and recreate as residents, families, and friends. One such example is our 4th of July Parade and Celebration at Fitts Park. This tradition has created countless memories at one of the most beautiful parks in the Salt Lake Valley.*

*This spring, we conducted public park walks at Fitts Park, General Holm, and along the Jordan River trail to talk with our residents about what goes into the planning, construction, and maintenance of park facilities.*

## Keeping Our Sidewalks Clear

City code prohibits sidewalks from being obstructed. Please help keep sidewalks clear for the safety of your neighbors. When sidewalks are obstructed with electric scooters, parked cars, trash cans, or other items/debris, it pushes people into the roadway to get around. Or worse, it creates accessibility issues for individuals who use wheelchairs or parents pushing baby strollers. Simple acts of consideration make our community a safer place to live and navigate. If you need to report a violation to SSL Code Enforcement, you can submit it online at [SSLC.gov](http://SSLC.gov), email [connect@sslc.gov](mailto:connect@sslc.gov), or call 801-464-6757.

## Earn Money for Saving Water: Beautiful Yard Awards

This year for the **SSL Beautiful Yard Awards**, we are focusing on water conservation and rewarding water efficiency efforts. Three yards will be recognized over the summer months for their aesthetics and waterwise landscaping. Each winner will receive a \$500 Home Depot gift card to help maintain their water conservation practices. Residents can nominate themselves or someone else living within South Salt Lake. To make a submission, visit [sslc.gov](http://sslc.gov) and look for the Beautiful Yard Award notice on the homepage. Questions? Contact us at [connect@sslc.gov](mailto:connect@sslc.gov) or call 801-464-6757.

Utah Water Saves offers a **Landscape Incentive Program** for residential and commercial properties. South Salt Lake residents are eligible for the full rebate amount, up to \$3/sq ft for removing grass and replacing it with waterwise landscaping. Before you tear out any grass from your yard, visit [utahwatersavers.com](http://utahwatersavers.com) to view all eligibility requirements and start your account for project approval.

## LEAD FREE SSLC

TEST YOUR WATER PIPE.  
TAKE THE SURVEY.

[SSLC.GOV](http://SSLC.GOV)

Over the past five months, SSL Water has been asking residents to test their water service line inside of their homes and participate in an online survey. This is an EPA mandate as part of the Lead and Copper Rule. We still need residents to test their water service line. Starting in July, SSL Water will begin “potholing” certain properties we have identified as priority test sites due to the year the home was built.

The process involves digging a hole near the water main and testing the water service line from the connection point on the city main. Potholing is the last resort and will only be used on those residents on our priority test site list who have not yet participated in the survey. To learn more and find a step- by-step guide on testing your water service line, visit [sslc.gov](http://sslc.gov) and look for the Lead Free SSLC notice on the homepage. Questions? Contact SSL Water at [water@sslc.gov](mailto:water@sslc.gov) or call 801-483-6030.

## Fireworks in South Salt Lake

## Don't Get Played: Recognizing and Preventing Impersonation Scams

It's easy to find ourselves cheering for characters like Harold Hill from *The Music Man*, Danny Ocean from *Ocean's Eleven*, or Frank Abagnale Jr. from *Catch Me If You Can*. These fictional con artists charm us with their wit and cunning plans, becoming the unlikely heroes of their stories. However, in the real world, con artists are far from charming, exploiting the trust and vulnerability of their victims to steal hard-earned money.

A common scheme happening in our community is impersonation fraud. Impersonation fraud is usually a caller (or texter) PRETENDING to be a sheriff's deputy, a government official, a bank, or part of a cartel. Their request is always the same: MONEY. As members of society, we tend to believe others.

### However, watch out for these red flags:

- An unexpected call or message from an unknown number/sender.
- A request for money (especially a gift card or cryptocurrency).
- Overpayment, personal checks, or a request for money back.
- Threats of legal or physical consequences.

Don't ignore the warnings - disengage from the conversation and call the police. Schemes will change with advancing technology such as artificial intelligence so please verify before sending money. And enjoy a good con on the silver screen but please don't fall for these trickster's traps.

Message from SSLPD  
Chief Danielle Croyle

Cozy Coffee / Fire Station 41  
2580 S. Main St.

## SSL's Innovative Approach to Homelessness and Justice

Thanks to a grant from the U.S. Department of Justice, the South Salt Lake Justice Court is pioneering a more compassionate approach for individuals experiencing homelessness as they work through their cases. This initiative is not just about navigating the court system; it's about changing lives.

In the past few months, we've made strides to bridge the gap between the court and vital community resources to ensure that those facing homelessness receive the comprehensive support they need. In our collaborative efforts, we have brought together members from the SSL Justice Court, SSL Homeless Strategies, and SSLPD Homeless Resource Officers, as well as key community partners including The Road Home, United Way/211, and Salt Lake County.

In March 2024, this group participated in a training on Trauma-informed Courtroom Practices & Procedural Justice, conducted by the Center for Justice Innovation, aimed at reforming criminal legal systems through innovative, community-serving strategies. As we learned, taking a different approach is crucial as traditional court settings can unintentionally trigger PTSD symptoms, leading to non-compliance and decreased chances of success. Additionally, this month, the group gained valuable insights from a Housing Survival training, which illuminated not only the obstacles to securing housing but also highlighted that providing housing alone does not address underlying issues such as loneliness, isolation, and a lack of purpose.

By taking on the concept of 'Individual Justice', our courts are committed to more than just meeting the legal requirements; but to strive to personalize the experience for each person who enters the court system. Its mission extends beyond guiding individuals through their sentencing; it's about supporting them on their path to stability and self-sufficiency. This approach not only upholds the law but also fosters a deeper commitment to the wellbeing of our community members.

## SSL Scholarship Awarded: A Promising Future for Sediqa

Mayor Cherie Wood presenting the 1st ever South Salt Lake Scholarship to Sediqa during the Senior Awards Night at Cottonwood High School.

South Salt Lake is excited to award their first ever Mayor and City Council Scholarship Award to Sediqa Ahmadi at Cottonwood High School. Sediqa was selected because of how she has impressed school staff with her hard work and dedication for her future. Sediqa has also been an active participant at the Promise South Salt Lake Teen Tech Center. She goes the extra mile to reach her goals and makes full use of the resources around her to better herself and expand her opportunities. Counselors, teachers, afterschool staff, and others who have had a chance to get to know Sadiqa speak highly of her.

When access to education was blocked for women and girls in her home country, Sediqa continued her studies on her own with the support of her family so she could find opportunities elsewhere. She says, "I consider myself lucky because I can go to school and study freely." In the short time she has been in the US, she has exhibited remarkable resilience and character. She is very deserving of this scholarship and the City is excited to present this award to Sediqa to continue her dreams of pursuing a career in medicine.

## Atta Boy! SSL Dog Park Rules

Having a safe space to let our pups play is important, especially as the weather warms and we are spending more time outside. This means it's important for everyone to have good dog park etiquette. Following these guidelines will help you and your dog have a great time together!

- Do make sure your pup is vaccinated, supervised, and clean up after him or her!
- Leash your dog outside of the off leash area, make sure your dog is socialized with other dogs and people, and if applicable, be sure to use the appropriately sized dog park for your pet.
- Don't leave your dog unsupervised in the dog park, and don't bring them to a dog park if they are showing signs of illness, or are not up to date on their vaccines.

### SSL DOG PARK LOCATIONS

Lions Park: 361 E Robert Ave | SSL City Hall: 150 Oakland Ave

## 4<sup>TH</sup> OF JULY CELEBRATION & PARADE

A full day of festivities and fun for the whole family. Get all of the details and 5k registration at [sslc.gov](https://sslc.gov).

## Explore, Enjoy, Engage: South Salt Lake's Art & Ale Trail

Kristen Frailey @kristen.and.color, one of our live artists in front of her 4 hour art piece at SaltFire Brewing. From the owner of SaltFire, Ryan Miller, "Mural Fest and the Art & Ale Trail live art event was a big boost to our business. We probably served three times the number of patrons for a typical Saturday. Let's do more!"

Our annual Mural Fest in May not only adds beauty to Downtown South Salt Lake with its 66 stunning murals, it also adds a significant boost to local commerce. These public artworks have become a cornerstone of our Creative Industries Zone (CIZ), adding vibrancy and attracting visitors and residents alike to explore the heart of our community. To help Mural Fest participants explore our downtown dining and drinking establishments, this year five businesses hosted the Art & Ale Trail featuring a unique blend of live art demonstrations and local business engagement.

Artists showcased their skills on portable plywood canvases, creating pieces that will soon be displayed at the 2280 S State St lot where the forthcoming Blazer Ventures development is planned. The goal is to line the empty lot with dozens of mural panels, which will be created during some upcoming summer events hosted by local CIZ businesses. These events are in collaboration with the South Salt Lake Chamber of Commerce, Arts Council, and Community Development, and will also keep our Mural Fest vibe alive with suggested mini mural tour routes for exploration.

**Stay tuned and follow us on social media:**

@sslchamber @southsaltlakearts @themuralfest and @southsaltlake

Local artist Almost @almost\_slc completed his painting in 4 hours at Pat's BBQ during Mural Fest. You can see his artwork and many more on the lot at 2280 S State St.

## How Blaser Ventures Plans to Transform South Salt Lake

Introducing a visionary project proposed by Blaser Ventures, poised to transform an empty lot at 2280 S State Street into a vibrant, mixed-use space that will help revitalize Downtown South Salt Lake. This central location includes frontage on State and Main Street and connects to UTA's S-Line.

Blaser Ventures is a Salt Lake City-based real estate developer and investor predicated on impact, sustainability, and placemaking. Some of their projects include Granary Square and the Post District in Salt Lake City.

Watch this space for updates as development plans progress and keep an eye on the property because in the next few months you'll start to see artwork lining the property to add more color and public art to our Creative Industries Zone.

To connect with the SSL Chamber, email: [tereza@sslchamber.com](mailto:tereza@sslchamber.com)
